Summary

Threaded M4 x 10mm connectors for the IKEA SKÅDIS Infinity.

Household > Other House Equipment

Tags: ikea mount connector skadis

This is a practical remix of the original SKÅDIS Multi Board Wall Mount, designed specifically for the IKEA SKÅDIS Infinity by AU3D on MakerWorld.

The key improvement is the addition of integrated threads, allowing for easier and more secure connection of multiple SKÅDIS boards. It’s optimized for use with countersunk M4 x 10mm screws.

A central hole is also included for optional wall mounting, making this a versatile solution for expanding and customizing your SKÅDIS setup.
